Proposal for

# ORIENTJET©

*Digital Inkjet Press*

## Proposal for:-

**M/s. Dimple Packaging Pvt. Ltd.,**

Near Navdeep Resorts, Opp. Hotel Amaltas, G.T. Road (West), Ludhiana, Punjab, India

Dear **Mr. Kaushik Bhowmick**,

***Our proposal to supply a Digital Inkjet Printing Solution for Label & packaging sector***

Further to our recent discussions, we are pleased to enclose our proposal to provide your organization with our recommended Digital Inkjet Printing Solution ORIENTJET`. We have suggested this system because we believe that it fully meets your stated requirements while offering:

- The power and performance you need to satisfy your printing requirements now and in the future
- Superior quality output with every job
- An ease of use, versatility and built-in reliability that will enhance productivity throughout production usages
- Production flexibility & operator friendly equipment
- Wide substrate compatibility
- Fast turnaround and variable date printing capabilities
- Space and power saving compared to conventional equipment
- Minimum operator expertise or intervention required for outstanding quality of production

For **The Printers House**

***Shayak Mukherjee***

# About Us

The Printer's House (TPH) Orient group is a diversified group of companies founded in 1946 that is an industry leader in the manufacturing and supply of a host of engineered products from India. A renowned and trusted name globally when it comes to quality manufacturing.

The Year was 1946. K.D. Kohli, a freedom fighter and newspaperman, started The Printers House (TPH) Orient group. Since then, TPH has carved a formidable reputation as a quality conscious technology driven manufacturer of a number of products. Tph's adherence to global standards has enabled to export its products to more than 60 countries worldwide.

All our products are produced at factories in a 20 acre campus in Delhi NCR. Tph takes pride in being a company of Indian origin, started by an enterprising freedom fighter turned Newspaperman Mr. K.D. Kohli. The TPH Orient group is now a diversified group of companies and a market leader in printing machinery, packaging machinery , printing consumables , engineering services for Defence and aerospace, and solar energy.

However, it is in our humble origins we take solace and hope to continue to grow whilst supplying a product that can match any global standard.

77
years of
excellence

ORIENTJET©

With the dawn of a new age comes the implementation of new ideas. Keeping this in mind the TPH orient group of companies has continued to innovate and venture forward to once again redefine the way we print.

As one of the global pioneers of printing technology we have been able to combine our knowledge with that of industry leaders around the world to come out with a range of state of the art Inkjet presses. This range of presses , namely , the Orient Jet series will include presses suitable for printing in a multitude of sectors such as the commercial, book, newspaper, label, and packaging sectors.

•Our unique ability and experience in manufacturing market leading mechanical printing equipment along with our continuous acquisition of knowledge has allowed us to create a range of presses with world class quality and flexibility with perhaps the quickest ROI of any high quality inkjet press currently available. We at Orient are proud to present you with the Orient Jet series.

## Technical Support

Our servicing team located across India provides excellent customer support for all technical requirements. Our service team will provide prompt site visit, 24/7 remote assistance and a support system just on a call.

Our patrons and their satisfaction is utmost important to us.

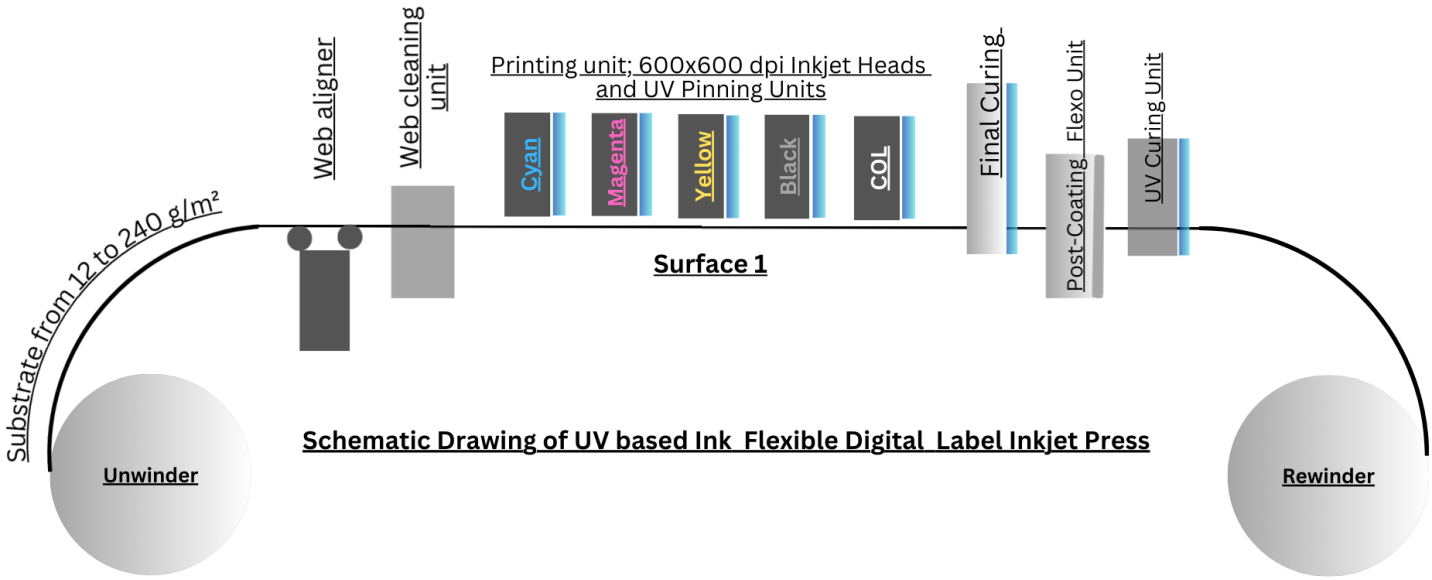
# ORIENTJET L&P Series



**Schematic Drawing of UV based Ink Flexible Digital Label Inkjet Press**

Introducing the OrientJet L&P Series Digital Label Printer, a cutting-edge solution for all your commercial printing needs. This state-of-the-art printer is designed to deliver exceptional quality and efficiency, making it the ideal choice for businesses looking to enhance their label production capabilities. With advanced inkjet technology, the OrientJet L&P Series ensures high-resolution prints with vibrant colors and sharp details, perfect for creating eye-catching labels that stand out in the marketplace.

The OrientJet L&P Series boasts impressive versatility, capable of handling a wide range of materials and formats, including stickers, labels, and more. Its robust performance is complemented by user-friendly features that streamline the printing process, reducing downtime and increasing productivity. Whether you are in the food and beverage industry, pharmaceuticals, or any sector requiring high-quality labels, the OrientJet L&P Series is engineered to meet your specific needs and exceed your expectations.

By investing in the OrientJet L&P Series Digital Label Printer, you are choosing reliability, innovation, and excellence. This printer is not just a piece of equipment; it's a strategic asset that will enhance your brand's image and operational efficiency.

# General Specifications

| Specification | Metrics | Inches |
|---|---|---|
| Max Printing Width | 540 mm | 21” inch |
| Print Method | UV Inkjet | |
| Color | C, M, Y, K<br>*Upgradable upto 8 Col | |
| Printing Resolution | 600 X 600 dpi | |
| Max Roll Feeder / Winder Diameter | 800 mm | |
| Substrate | Paper/Polyester/ LDEP Shrink<br>PVC/PP/PE/PETG/BOPP/Foil/Synthetic | |
| Substrate Handling Capability | 12 to 240 microns | |
| Registration | Auto (both circumferential and lateral) | |
| Printing Head & Speed | Kyocera ph : 75 mtr/min** | Epson ph : 50 mtr/min** |
| Compatible file formats | PDF/ PDF-VT/PPML | |
| Power Requirements | 17kW 3 Phase 240 V | |
| Operating conditions | 24 Degrees, 46% Relative Humidity | |

**Actual Printing speed subjected to quality of materials, inks, and operator skill.

# Overview of Press Configuration

**1. Unwind Station (Servo Driven)**

- Auto Web-tension control system by program-based calculation for precise Web-tension control
- Web-Tension range: 20-300N
- Pneumatic roll lifter for loading substrate
- Reel locking by 3 inch " air expanding cantilever shafts
- Active unwinder driven by servo motor

**2. Splice Table**

- Provision for quick substrate changeover
- Two pneumatic clamps to hold new reel and threaded substrate

**3. Web Guide**

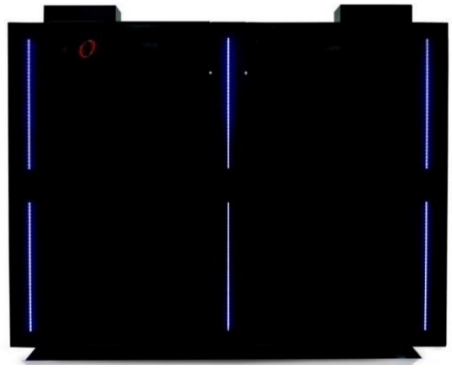
- Edge positioning type with twin roll aligner and actuator
- Ultrasonic sensor
- Auto/manual correction displacement of ±14mm
- Manual sensor positioning

**4. Web Cleaner**

- Cleans both sides with cleaning roll and static discharger
- Removes lint/dust from substrate before printing
- Prevents ink contamination and anilox clogging

**5. In-feed**

- Nip and pressure roller assembly with pneumatic cylinders
- Isolates tension between unwinder and first station
- Web-Tension range: 20-300N maintained by load cells



**6. Digital Printing Unit**

- 600 x 600 dpi printheads
- LED Curing
- Automatic printhead cleaning system
- Auto-Capping of printhead
- Air-cooled pinning and curing
- Automatic variable ink drop size from 4 pl to 14 pl

**7. Outfeed**

- Nip and pressure roller with pneumatic cylinders
- Separate tension zone from last print to rewind
- Web-Tension range: 20-350N by load cells

**8. Coating Station**

- Quick-change petal design for easy plate/cylinder changes
- Ceramic anilox roller (per chosen LPI)
- Ink tray with furnishing roller
- Doctor blade assembly
- Plate cylinder

**9. Rewind Station**

- Auto Web-tension by program calculation
- Web-Tension range: 20-350N
- Pneumatic roll lifter
- 3" air expanding cantilever shaft reel locking
- Active servo rewinder

**10. External RIP with Server**

- RIP with Imposition and limited VDP capability from Arden
- Print Server from HP/Dell
- Workflow with Print Server and Color Management (Optional)

# Equipment Pricing

| Printing unit of 540mm with Post Coating Unit | Col | Price |
|---|---|---|
| Kyocera Heads @ 75 mtr/min* | 4 | ₹ 3,69,00,000.00<br>Additional GST @18% |
| | 5 | ₹ 4,14,00,000.00<br>Additional GST @18% |
| Epson Heads @ 50 mtr/min*<br>No Warranty given on Print Head. | 4 | ₹ 2,99,00,000.00<br>Additional GST @18% |
| | 5 | ₹ 3,49,00,000.00<br>Additional GST @18% |
| *Both includes Sheeter, Software and Installation | | |
| Ink Price for Cyan, Magenta, Yellow, Black | ₹ 5,000.00<br>Additional GST @18% | |
| Ink Price for Clear | ₹ 6,000.00<br>Additional GST @18% | |

**General Terms and conditions** are applicable as published on www.tphorient.com website on the following link https://tphorient.com/assets/pdf/domestic.pdf for any orders in India and on the following link https://tphorient.com/assets/pdf/International.pdf for any orders outside of India.
